*Selection Criteria

*Additional Selection Criteria

B0162 – LI by Employee Prior Salary Range

This report lists employee and position details for all employees whose salary falls between a range specified on the variable entry screen. The value range is defaulted to between \$100 and \$40,000 but can be overridden by any values. By selecting a minimum of \$100 any employees paid at an hourly rate, and all positions which are vacant are excluded. By choosing the upper range of \$40,000 for 2008 data, all employees who were eligible for the flat increase of \$1100 can be isolated.

- You can use Free Characteristics to add additional data to the report.
- 'Columns' shows the field selections that are displayed on the report.
- 'Free Characteristics' shows the additional field selections that can be dragged and dropped in and out of the report.
- This report lets you view the data based on the time period entered
